

## ARTIST DEMONSTRATION TENT APPLICATION

**Art on the Avenue, Saturday, October 1st 2016**

**APPLICATION  
DEADLINE: 8/1/16**

Each year, Art on the Avenue hosts several artist demonstration tents where artists are invited to not only sell their work, but to actively demonstrate it throughout the day. Filling out this application does not guarantee you a demonstration tent at the event, but instead provides the organizers a way to select the best possible candidates, similar to the normal juried application process.

As an artist demonstrator, you'll be expected to demonstrate your art/craft during the entire festival, taking logical breaks when necessary. All of the artist demo tents will be clustered together in a designated area, complete with street signage and a spotlight in the festival program. This year (2016) will be the first year where the artist demonstration tents will be located in the grassy lot between Custis Ave and Del Ray Ave, roughly the center of the festival. **Please note that artist demonstration tents will be positioned in the grass and not on concrete/asphalt.** The surface is flat, but it is still grass.

An artists demonstration tent and setup must adhere to the same rules and regulations of a traditional artist tent, i.e.: a 10'x10' space, tent weights required, same festival start/end times, etc. For further details, please read the traditional artist application found at [www.artontheavenue.org](http://www.artontheavenue.org).

If your setup requires electricity, please designate this in the application. Electricity is not provided, but special arrangements can be made. **The standard \$195 artist tent-fee is waived for artist demonstrators.**

A number of factors will determine which artists are selected to host the demonstration tents. For instance, is your demonstration unique to other artists and vendors at the festival? Does your demonstration engage festivalgoers, especially children? Previous demonstration booths include: painting, soap making, screen printing, sock puppet monsters, quilting, card making, etc.

Interested in hosting a demonstration booth?

Please fill out the form below and email it (or just the answers) to Tim Lovelace at [tim@sedimentpress.com](mailto:tim@sedimentpress.com).
